TnT Ministries

TnT Ministries offer lesson plans and bible study notes for every age group. The lessons can be used following the curriculum or separately. Contrary to much of the Sunday school material available, **all activities are reproducible**. Each lesson contains a preparation section, a plan, a well defined aim, suggestions for visual aids as well as activities suitable for each age group, activities which are very simple and yet very effective in underlining the main message of the lesson or the memory verse. We are happy to recommend such material, not because we agree with every detail, but because it constitutes a very interesting approach suited to each age group, bright and fun, but most importantly where **the emphasis is on biblical truth**.
